### PRINCIPAL ECONOMIC ACTIVITIES

Employment figures for Apache Junction do not truly represent its economic activity; proximity to metropolitan Phoenix gives a far more realistic indication of the area's economic base. Apache Junction's economy is based almost exclusively on recreation and retirement. Most commercial services in the area cater to tourists and recreation seekers on their way to Arizona's central lakes and forests. Extensive developments and accommodations serve many retired persons and winter visitors.

### SCENIC ATTRACTIONS

Apache Junction's main scenic attractions are the Superstition Mountains, which are reputed to be the site of the Lost Dutchman Mine. Many people are still challenged by the thought of discovering the Lost Mine and search the mountains for its location. The name of the mountains, of which Superstition Peak at 5,057 feet is the highest, can be attributed to the legends and stories of the nearby Pima Indians. The Apache Trail, which winds north from Apache Junction, is an exceptionally scenic mountain drive to recreation areas such as Canyon, Apache and Roosevelt lakes, all located in the Salt River Canyon. U.S. 60, to the east, leads to the active mining towns of Globe, Miami and Superior.
